Welcome to the final term of the 2018 academic year. We would like to warmly welcome the new students and families who have joined us at Mission Heights Primary School, especially all of our New Entrant students. We have had a fantastic start to Term 4 with our School Enterprise Market Day week Friday. Market Day is always a fantastic opportunity for our juniors to learn to become responsible money users and build their confidence in making their own choices.

Integrated Studies

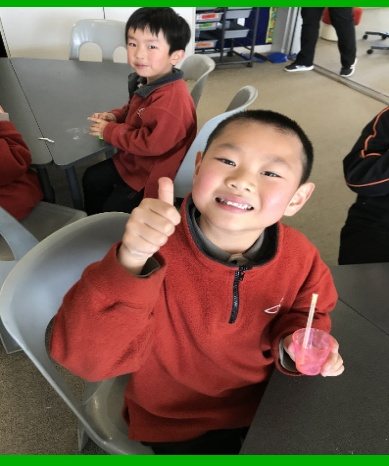

This term the Fire, Air and Earth studios will be exploring Spring and all it has to offer. We will be monitoring and recording the temperature change and noticing as the weather gets warmer. We will be recording the signs of new life and keeping an ear out for the sound of the first cicada. We will explore what clothing we wear and the activities we do during the different seasons. The students will use their newly gained knowledge to plan their very own Teddy Bear Picnic later on this term.

In the Water and Forest Studio, we are continuing to explore sustainability and being responsible global citizens. We are investigating how the choices we make as individuals can have a huge impact on our society and the environment. We are also discovering different ways in which we can give back to our society and make a difference in the lives of others.

School Uniform

Hopefully Term 4 will see some sunnier weather so it is very important that the students bring in their school hat to wear. This is a compulsory part of the school uniform in Term 1 and 4. If the students do not have their school hat they have to play in the shaded area in the courtyard. Students must wear the black school hat as it is part of the uniform, if they bring other hats from home they will be asked to play in the shaded area. Please ensure you write your child's name in their hat.

Homework

With the long summer holiday approaching it is even more important that the students do their reading and Mathematics homework regularly (we recommend 1000 points a week). As the evenings get lighter the children want to go outside to play but please encourage them to do their homework before they go out.

Junior Learning Community Teachers

Below is a list of the current Junior Learning Community teachers and their contact e-mail addresses. Please contact your child's teacher in the first instance if you have any queries. Your child's class teacher is the first person you should correspond with about your child's academic performance and personal welfare. E-mail is often the best method of communication with your child's teacher as they are often preparing for the day ahead in the mornings and attending meetings after school. You are also able to make an appointment for a longer meeting should you need one, using this method.
