Welcome to another exciting term in the Junior Learning Community. After a long term 1 we are looking forward to a great term of fun and learning in Term 2. We have many exciting learning opportunities planned for you all and can't wait to begin.

As we start Term 2 at Mission Heights Primary, we cannot help but look back at all the progress that has been made by the students already this year. Not only have students made great academic progress they have also progressed socially too.

In Term 1 we shared many exciting learning opportunities in the JLC. The JLC gained a deeper understanding of how to keep themselves healthy and make wise food choices to eat a balanced diet. The students started to eat more fruit and vegetables and even learnt to make their own healthy sandwiches.

We were fortunate enough to have ASB Get Wise come talk to us about money explaining how to work spend, save and share our money.

#### Integrated Studies

In Term 2 the students will be learning about Transformation. This term we will cover how technology has changed over the years. The students will learn the difference between man-made and natural items. They will learn about technological objects and technological systems and how they have been designed to help us. As part of this study we will be visiting The Howick Historical Village where students will be experiencing life from the past: making butter, playing with toys and viewing the herb garden.

#### Sickness

Now Autumn is well and truly here, we would like to remind you to make sure that your child has his/her fleece jacket in school and that any clothing worn under the school uniform must be black in colour. Students are no longer allowed to wear long sleeved black tops underneath their short sleeved shirts. They must wear the long

sleeved school top. If your child is unwell and off school with colds, coughs and sore throats, please remember to phone the office to let us know. It is also school procedure to keep your child away from school for 24 hours if he/she has vomited or has a stomach upset.

### Health and Safety

A gentle reminder that no adults may enter the student toilet area as this is a Health and Safety concern. If you need to use the facilities please ask one of the teachers and they will direct you to the teacher facilities.

### JLC Teachers

Below is a list of the current Junior Learning Community teachers and their contact e-mail addresses. Please contact your child's teacher in the first instance if you have any queries. E-mail is often the best method of communication with your child's teacher as they are often preparing for the day ahead in the mornings and attending meetings after school. You are also able to make an appointment for a longer meeting should you need one, using this method.
